When materials have reached the maximum overdue fee, you will receive a bill for the items. The bill will include the cost of the item, the overdue fee, and a \$3.00 processing fee per item. If the materials are returned in good condition (shelf ready), the cost of the items and the processing fees will be removed from your account, and the overdue fees must still be paid. OCPL has partnered with UMS debt collection services for past due accounts of \$25.00 or more.
