

Onslow County Home Health & Hospice

Providing Quality Care With Compassion to Patients and Their Families in Their Own Home Since 1974.

On-call nursing coverage available 24 hours a day, seven days a week.

Our mission is to provide our community with the highest quality health and hospice services available, delivered safely, and economically in the patient's home.

Home Health

Our team strives to educate on disease prevention, promoting healthy choices, maintaining, and/or restoring health.

- Skilled Registered Nursing
- Medical Social Workers
- Physical Therapy
- Speech Therapy
- Certified Nursing Assistants
- Nutritional Counseling
- Occupational Therapy
- IV Therapy
- Wound Care

Our goal is to provide all levels of health care services, while allowing the client to be in their home and involved in establishing, and completing their care.

Referrals can be made by: Physicians & Advanced Practice Nurses

Hospice

Our Hospice team emphasizes palliative rather than curative treatment. It consists of a multi-disciplinary team approach to neither hasten nor postpone death.

- Skilled Registered Nursing
- Medical Social Workers
- Chaplain
- Hospice Aides
- Volunteers
- Therapy for palliative care
- Bereavement support & counseling

Our goal for our Hospice clients is a peaceful death, resolved concerns of the patient and family if possible, and uncomplicated grief.

Referrals can be made by: Patients, Family Members, Nurses, Social Workers, Physicians, Friends, & anyone else!
