

Onslow County Mass Evacuation Transportation Survey

This survey is intended to give Onslow County Emergency Management advanced notice that you and/or your household do not have transportation resources available in the event of a mass evacuation of your area of the county in the face of a pending disaster, such as category 4 or 5 hurricane, in which total evacuation of the county has been ordered. The county may provide the required transportation once you report to a designated assembly point, the location of which would be announced later. Space requirements will limit each individual to one small carry-on bag (small gym bag) that can be placed under your seat. Other restrictions include: no pets, no firearms or other weapons of any kind, no alcoholic beverages, and no illegal substances. Transportation will be provided to a state-designated shelter located somewhere outside the county. All individuals should bring the following:

- Medications
- Blankets or sleeping bags
- Flashlight and extra batteries
- Personal hygiene items
- Enough water and food for 24 hours
- Extra clothing
- Special dietary foods if non-perishable
- Infant formula, diapers, baby food
- Small toys, puzzles, books, etc. to entertain children
