

Onslow County Mass Evacuation Transportation Registry

This survey is intended to give Onslow County Emergency Management advanced notice that you and/or your household do not have transportation resources available in the event of a mass evacuation of your area of the county in the face of a pending disaster, such as category 4 or 5 hurricane.

Space requirements will limit each individual to one small carry-on bag (small gym bag) that can be placed under your seat. Other restrictions include: no pets, **no firearms or other weapons of any kind**, **no alcoholic beverages**, and **no illegal substances**. Transportation will be provided to a state-designated shelter located somewhere outside the county.

All individuals should bring the following:
